Subject: Department of Telecommunication's voluntary Testing and Certification Scheme

Respected Sir / Madam,

As you may be aware that the Telecommunication Engineering Center(TEC), the technical arm of the Department of Telecommunication (DoT) plays a crucial role in ensuring the quality and compliance of telecom and ICT products through its voluntary Testing and Certification Scheme.

This certification is particularly designed to empower start-ups and MSMEs in India telecom industry to foster innovation, ensure product quality and create a supportive environment for their growth. TEC offers support to DPIIT registered startups and registered MSMEs by providing a tool exemption of testing and certification fees for their products under this scheme. This unique certification is embraced by entities seeking to thrive in the dynamic Telecommunication sector.

It is desired that all HEIs may publicize the voluntary Testing and Certification scheme of TEC for the benefits of startups and registered MSMEs. In case of any further details or clarifications are required Director (RC), TEC, New Delhi may be contacted at Email id: dirrectec@gov.in

We deeply appreciate your time and engagement.

With regards,

Yours sincerely,

Mamta
